PRISONERS' DETENTION AN "UNFRIENDLY ACT"

U. S. Will Insist On Release Of Americans On Yarrowdale

Germany's Action in Detaining Prisoners Once Released Causes Grave Complication; Cabinet Accepts as Common Right the Arming of American Ships for Defense; U. S. Vessels Approaching War Zone, Officials Anxious; Concern Felt Over Envoy Penfield at Vienna, State Department Queries as to His Status; Probe Germany's Reported Willingness to Discuss U-Boat Issue, Now Officially Denied.

(By International News.)

Washington, Feb. 14.—Release of the Yarrowdale prisoners is the immediate proposition occupying the attention of the United States in the new German controversy. Officials today made it very plain that the latest inquiry dealing with their status means far more than appears on the surface. The United States will insist that they be released. Detention under present circumstances is declared in official quarters to be an "unfriendly act." Pending an answer to the inquiry as to their status, sent forward through the Swiss minister, however, officials decline to discuss the plans that have been evolved about them.

Reports of a division among members of the cabinet as to the question of arming American vessels were cleared up today. It was stated that the entire cabinet accepted as a common right that American vessels are entitled to arm for defense. Legislation enacted at the time of the war between the states admittedly gives that privilege. The question causing the division was whether an armed American merchantman could fire at a submarine without "committing an act of war." The majority of the cabinet is understood to have taken the position that the use of guns would be "an act of defense," even though it should be followed by a declaration of war by Germany, which would construe the action as hostile.

Administration officials today were watching the war zone very closely. American vessels are approaching it. February 12 was the last "day of grace" allowed neutral shipping, according to the official announcement from Berlin. It can be asserted upon the highest authority that President Wilson will go before congress and outline his next step the moment an American vessel is sunk in defiance of international law.

The state department is again asking Ambassador Penfield at Vienna for information as to his status. There has been no word from him since the break with Germany. No information as yet is available, but that the situation is considered serious is indicated by the fact that inquiries to him have now been addressed through neutral sources. Since the break with Germany a week ago Saturday only one message has been received from our Vienna representative, and no word

EVERY COURTESY SHOWN RECALLED GERMAN ENVOY

(By International News.)

Hoboken, N. J., Feb. 14.—With a courtesy and marked attention seldom if ever accorded any guest of the nation, Count Johann von Bernstorff, dismissed German ambassador, and his official family were escorted aboard the Scandinavian-American liner Frederik VIII today for the second stage of their long journey to Berlin. The train from Washington bearing the party reached Hoboken at 5:50 and the party transferred to the liner before 8 o'clock.

Every precautionary measure that could possibly be devised to insure the safety and comfort of the departing Germans was taken by a small army of government secret service men, augmented by scores of Hoboken police and members of Collector Malone's neutrality squad.

(By International News.)

Hoboken, Feb. 14.—An unidentified man, said to be a "crank," was arrested here today while endeavoring to get aboard the Scandinavian-American liner Frederick VIII, which will carry Count von Bernstorff and his official party to Copenhagen. The man said he had a "letter" which he wanted to give to the Swiss ambassador. He was locked up.

The singing of "Home Sweet Home" was preceded by serving a lunch consisting of chicken sandwiches, fruit and cake.

The regular meeting of the subordinate grange was held, after which the members were guests of the juvenile grangers. Thomas Stratford, of Dublin grange, was a visitor.

MESLOH CARRIES CASE TO HIGHER COURT

At the continuation in the hearing of the case of the State of Ohio vs. Harry Mesloh Wednesday afternoon in the court of Justice J. F. Penrose the court overruled a motion for a new trial, and the case will now go to the common pleas court. Mesloh was fined $100 on two charges of divulging official information as a dairy inspector.

WATER WASTERS ARE DEPRIVED OF SERVICE

For refusal after warning numerous times during the recent zero weather, not to allow their hydrants to run through the night, Service Director Russell and other employes of the water works department Tuesday evening shut off the water in five different places.

LEGISLATORS SPEEDING UP TO END WORK

(By International News.)

Washington, Feb. 14.—Every parliamentary whip and spur was brought into play by senate leaders today in a desperate effort to clean up the legislative program before adjournment on March 4, less than three weeks off. The senate went into session at 10 o'clock, an hour earlier than usual, and leaders threatened to keep the upper hs uowe tnnirokiulg cmfwypzfl upper house working until midnight every night unless better speed was promptly shown.

Among the big measures awaiting senate action are the $330,000,000 postal appropriation bill, the $368,000,000 naval appropriation bill, the $39,000,000 rivers and harbors bill, the $50,000,000 flood control bill, the revenue bill, the spy and conspiracy bills, the railroad bill, the Porto Rico bill, the Webb export bill and the conservation measures.

Leaders privately admitted today the physical impossibility of completing this program without an extra session. The senate will have its hands full disposing of the regular appropriation bills, the revenue bill and the spy and conspiracy measures.

FIND WOMAN INSANE; OTHER ACTIVITIES IN THE PROBATE COURT

Lisbon, Feb. 14.—An affidavit was filed in the probate court stating that Armina Heston, of Hanover township, is insane and incapable of attending to business affairs, and upon application that a guardian be appointed the court has named Meriba J. Heston to act as guardian under $1,200.

Emma Betz, who died recently in Salem township and Frank E. Betz was appointed administrator to act under $4,000 bond. The estate will be appraised by W. E. Stewart, Frank Brinker and Philip Keen.

Myron L. Phillis has been appointed executor under the will of the late Mary A. Phillis, of Perry township. He will act under $2,500 bond which he has furnished to the court.

John E. Finney has been appointed guardian of Robert A. Finney, a minor of the age of 19 years, son of Elizabeth Finney, of Salem.

U.S. MERCHANT SHIPS WILL BE ARMED SOON

(By International News.)

Washington, Feb. 14.—The United States navy today is busily engaged in completing arrangements for the arming of American merchant bessels preparatory to the immediate resumption of trans-Atlantic commerce in defiance of Germany's threat that such vessels will be sunk.

A high official of the navy department pointed to the fact that there was now stored sufficient guns ranging in calibre from one-pounders to six-inch rifles completely to equip 200 merchant vessels as armed cruisers and that many of the vessels listed in the merchant marine, including the St. Louis and St. Paul of the American line, were constructed with a view to being armed.

SET ASIDE $1,500 FOR COMPENSATION OF COUNTY AGENT

Lisbon, Feb. 14.—The county commissioners this morning appropriated $1,500 from the general fund of the county as an annual allowance to the Columbiana County Farm Improvement association to be used towards defraying the expenses of maintaining a farm agent in the county.

The law gives the commissioners the power to fix the amount to be paid out of the county treasury, not exceeding $1,500.

REFUSE NEW TRIAL IN DOW-THOMPSON CASE

Lisbon, Feb. 14.—The motion for a new trial in the case of W. W. Dog against R. B. Thompson, of Salem, which was tried before Judge Corn some time ago, has been overruled, and judgment was entered upon the verdict rendered in favor of the plaintiff.

Dow brought the suit to recover judgment for $117.60, claimed due by him for drilling a well on the farm in Perry township owned by the defendant, and judgment was entered in his favor.

NOTED ENGINEER OPPOSES DANIELS' BATTLESHIP PLANS

DR. S. S. WHEELER

Above is a photograph of Dr. Schuyler Skaats Wheeler, president of a large manufacturing concern, who is the leader of the forces which are strenuous in their opposition to the adoption by the navy department of electrically driven dreadnaughts.

Dr. Wheeler and his associates contend that the huge weight of the machinery necessary to equip the battle monsters with electric direct drive would seriously hamper the ships from a battle standpoint.

The navy department, on the other hand, states that electric direct drive will solve the problem of speed and steady the ship greatly which will result in accurate firing in actual battle.

RECEIVERSHIP FOR RUBBER COMPANY

(By International News.)

Alliance, Feb. 14.—Stockholders of the Alliance Tire & Rubber company announced today they would file application at Canton for the appointment of a receiver for the company. The corporation had a capital stock of $2,500,000. It was organized in 1913 by Milton Bejach, former Cleveland newsaper man and George C. Russell, of this city, with a paid in capital of $58,000.

Attorney H. C. Koehler will be named as receiver. No schedule of liabilities and assets has yet been announced, but a report of a probe made by the Associated Advertising Clubs of the World said "the stock is worth something less than nothing, how much less we are not prepared at this time to state."

NEW INDUSTRY TO BE UNDER WAY THURSDAY

Salem's newest industry, The Federal Manufacturing company, with offices and factory in the remodeled Kaplan building on Main street, will open its doors at 8:30 Thursday morning.

The new concern will manufacture men's made-to-order and ready-to-wear garments. All of the euipment, the last of which was installed Wednesday, will be operated by electricity. The new industry will provide employment for from 10 to 15 expert garment makers.

Later the new concern will be incorporated under the laws of Ohio.

Fuel Shortage Here Grows Serious; Coal Supply Exhausted

WARN CUBAN REBELS, HINT ACTION SOON

(By International News.)

Washington, Feb. 14.—Thoroughly aroused by information that the Cuban rebels are gaining the upper hand, the state department sent a second warning message to the Cuban people this afternoon.

The mesage aserts that the revolutionists will get absolutely no comfort from this government, and clearly intimates that action will be taken by the United States to support the duly constituted Cuban officials.

Military authorities say a contingent of 5,000 men could control the situation in Cuba and there are rumors that the general staff has plans in mind that contemplate the shifting of a force ranging from 5,000 to 10,000 men from the Mexican border to Galveston, Texas, where they would be within striking distance of Cuba.

ASKS TROOPS TO AVENGE BORDER RAID

(By International News.)

El Paso, Feb. 14.—Urgent requests that American troops be sent into Mexico to pursue the bandits who carried off three Mormons was made to the army authorities today by A. P. Peterson, whose son is reported to be one of the captives.

The military authorities here are trying to learn the fate of the three Americans kidnapped in the raid near Hacheta, New Mexico.

El Paso, Tex., Feb. 14.—Armed Mexicans crossed the border sixty miles southwest of Hachita, N. M., Tuesday and took prisoner three American Mormons, a number of Mexican ranch hands and live stock, according to a telegram from Hachita.

DIPLOMATIC BREAK BETWEEN CHINA AND GERMANY EXPECTED

(By International News.)

London, Feb. 14.—A diplomatic break between China and Germany can be momentarily expected, according to the Pekin correspondent of the Times.

Cabling from the Chinese capital under date of February 9, the correspondent states that President Wilson's invitation to neutrals to break with the kaiser's government caused intense excitement there.

Under pressure from the young China party, the older government leaders were prevailed upon to send what practically amounts to an ultimatum to Berlin, giving warning that, unless there is a modification of the submarine warfare, China will be compelled to sever relations. A copy of the note was sent to Dr. Paul Reinsch, the American minister.

Local Dealers, With Coal Bins Empty, Cancel Orders They Cannot Fill; Future Shipments Very Uncertain as Scores of Residents are Out of Fuel; Domestic Supply Inadequate; Factories Can Rus for Several Days, Report; City Comes to Rescue of Needy Ones.

Notwithstanding the fact that the backbone of the cold wave has been broken, the coal shortage situation which has threatened at times to cause the suspension of several manufacturing plants in Salem became acute Wednesday when it was learned that none of the three local coal companies had a single load of coal on hand.

S. Holroyd was forced Wednesday morning to discontinue delivery of coal to the domestic trade, owing to the fact that his supply was entirely exhausted Tuesday evening. He stated Wednesday morning, however, that he expected a car Wednesday afternoon.

The Citizens Ice and Coal company was without a single lump of coal Wednesday, and although it has several cars enroute to the city, is unable to tell just when they will arrive here. It has not yet been definitely learned whether one of the cars confiscated by Mayor W. F. Orr, of East Liverpool, was this company's, although the Ceramic City officials are almost certain that one of the cars purloined by the city was consigned to the local company.

The same situation confronts the Salem Builders Supply company, one of the largest domestic distributors in the city. No deliveries were made Wednesday. At the present time this company has not been informed when another car will be shipped. It has been almost two days since a delivery was made, and scores of orders have been turned down, owing to the fact that the firm cannot at this time ascertain when another shipment of Pittsburg coal will be available.

Service Director Russell stated Wednesday morning that many appeals have been made to him by families asking for enough coal to tide them over until they receive their orders from local coal companies. A number of families living in the vicinity of the waterworks plant have been accomodated with small amounts.

As far as can be learned, the factories at the present time will not be effected, as during the past two weeks practically ever plant has obtained a sufficient supply to run several days. The Salem China company, which was forced at numerous times during the latter part of the year to suspend operations owing to inability to get coal, now has on hand several cars which were held up enroute from Pittsburg.

A few independent dealers who sell by the load are able to get coal in small quantities, but have so many demands for it that it does not go far toward relieving the present situation.

PREPARE A ROYAL RECEPTION FOR 30 SOUTHERN BREEDERS

Members of the Eastern Ohio Jersey Breeders association met Wednesday afternoon in the Chamber of Commerce rooms to complete arrangements for the coming to Salem of a party of North Carolina Jersey breeders and dairymen Thursday, February 22. These men, 30 in number, are making this trip for the purpose of purchasing several car loads of Jersey cattle.

The meeting was presided over by President Dillwyn Stratton, of Winona. It was decided to place automobiles at the disposal of the visitors and haul them to the farms of the different members of the association, where they can inspect their stock. A big dinner will also be served in their honor.

Secretary M. L. Barker, of Salem, is in receipt of several communications from different Jersey breeders living in the vicinity of West Raleigh, N. C., informing him of their proposed visit here. The party will leave North Carolina Tuesday evening, February 20, and is expected to arrive here on Thursday.

LATE FLASHES ON WAR CRISIS

(By International News.)

LINER ADRIATIC IS SAFE.

New York, Feb. 14.—The White Star liner Adriatic, rumored several times to have been sunk in the "barred zone," arrived safely at Liverpool on Monday, according to word received her today. The Adriatic, one of the largest of the White Star liners, carried one American passenger.

ESPAGNE SAILS FOR BORDEAUX.

New York, Feb. 14.—The French liner Espagne, carrying 67 Americans among her 230 passengers, sailed for Bordeaux today. To reach her destination she must pass through the "barred zone."

BOMBS KILL 16 CHILDREN.

Berlin, Feb. 14.—British aviators dropped bombs on a children's skating party near Zeebrugge last Saturday, killing 16 of them, according to the semi-official Overseas news agency today.

BRITISH ESTABLISH SAFETY LANE.

New York, Feb. 14.—More evidence today was offered that the British government has established a "safety lane" through the submarine zone when the Cunard liner Carpathia slipped into the lower bay, unannounced. She left England January 26 and carried no passengers.

The French liner Espagne, carrying 100 passengers, among them 72 Americans, and the White Star liner Lapland with 50 passengers, 25 of them Americans, expected to sail for the other side today.

AMERICANIZATION.

While some national leaders concern themselves with what they believe wise limitation of the tide of immigration to this country from across the seas, others are equally active in efforts to assimilate, to Americanize, those who have been admitted to this their chosen land, and notable progress is reported by the federal bureau of education, under whose direction the work is largely carried on.

When the bureau began, but three years ago, a national investigation of facilities for the education of aliens, choas existed in this important phase of education. Few established and well-approved standards existed, and practically all methods were in the experimental stage. Public agencies were endeavoring to treat the problem each in its own way, without definite endeavor to co-operate with other agencies, and with no fixed policies. State supervision, and especially state aid, had not at that time been seriously considered. Federal interest was considered in some quarters both inopportune and improper. The efforts of some agencies were well-meaning, but directed through the wrong channels.

But progress in every way has been rapid, definite and extensive. Government authorities everywhere have taken definite steps to provide adequate facilities. Municipalities have seen that the education of the immigrant, especially through evening classes, is to be treated as a fundamental part of the educational system. Many of the states and state departments of education have come to appreciate the fact that the immigrant is not merely a local problem. The federal government has come to take the stand that inasmuch as admission of an immigrant to the United States, together with his admission to citizenship, are both federal matters, then, equally, is interest in his training for life and citizenship in this county a federal matter. The result is today that the evolution of education has forced a larger measure of co-operation on the part of all agencies and individuals interested in the training of immigrants in America.

Salem is doing its share, through the regular maintenance of a night school for foreigners, and there should be hearty commendation of and co-operation with those who have been found willing to give of their time and ability to help our alien brothers and sisters to become the true American citizens they so much desire to become.

OUR NIGHT SCHOOL.

The whole-hearted manner in which a large number of men and women and boys and girls have availed themselves of the opportunity offered to share, during the evening hours, in the benfits to be derived from the educational and recreational facilities provided in the new high school building should be most encouraging to all concerned.

Inauguration of classes in manual arts, commercial work and gymnasium exercises has meant no little sacrifice on the part of instructors who thereby are required to devote considerable additional time to their duties, yet they will doubtless be able to find compensation therefor in directing the activities of those who desire to profit, now that their own day school experiences are past, from the leisure evening hours.

This is but one of many ways in which the new institution can be made to prove most useful to the community as a whole and there can be no doubt that the mental stimulus, the physical development, the pleasurable relaxation afforded by the evening classes put at the disposal of the general public will prove beneficial to more and more people, young and older, as the movement continues its present healthy growth.

And now for the auditorium. Let's not forget that there are a number of talented persons and trained organizations in Salem more than willing to give of their abilities toward a program or series of programs there, for a number have already volunteered. Will not someone offer his or her services as an organizer and leader in this movement toward making the new high school a real community center, a source of community uplift? Let us hear, through the columns of The News or otherwise, what you think of the suggestion.

Lenten Rules To Be Read Sunday

Lenten regulations will be read at St. Paul's Catholic church as well as throughout the world next Sunday morning. The following Wednesday—February 21—marks the introduction of the penitential period. There will be little change from the orders of other years. People who are ill or who find it necessary to work hard, who are under 21 or over 60 years, are excused from the commands of fasting, but every individual is urged to practice self-denial.

Attendance at daily mass and the frequent reception of Holy Communion is also urged upon the faithful.

Defeats Higher Postage.

Washington, Feb. 14.—By a vote of 37 to 34 the senate Tuesday refused to suspend the rules and permit attachment to the postoffice appropriation bill of an amendment increasing the postage rates on newspapers and magazines and decreasing to one cent the rate on drop letters. This is expected to end the fight on the provision at this session.

YOUNGSTOWN LABOR RECORD REPORTER'S WIFE TESTIFIES

Mrs. L .O. Morris, 1315 Market Street, Youngstown, Says, "I Actually Believe Tanlac Saved My Life."

"I actually believe Tanlac saved my life," exclaimed Mrs. L. O. Morris, 1315 Market street, Youngstown, recently, in talking with the Tanlac man at the Averbeck Drug Store, recently.

"It's the positive truth, I had given up all hope of ever getting relief from what I thought was heart trouble, but found out later, it was gas pressing against my heart, due to a severe case of indigestion," she continued.

"Why, before taking Tanlac, I would almost jump out of bed at nights when those sharp pains in my heart came on.

"I had no appetite and couldn't eat meats without suffering from pains in my stomach. Everything I ate seemed to ferment, filling my system with gas.

"My nerves finally became affected. The least unnatural noise would startle me. I felt languid and worn out, without ambition even to do my housework. I tried numerous prescriptions and medicines but found no permanent relief.

"My relative who had received relief from kidney trouble through Tanlac, urged me to try it. I took her advice, and now I can't thank her enough. Tanlac proved to be exactly what I needed. Oh, that I had only found Tanlac two years ago and saved myself all that terrible suffering. I have a ravenous appetite; my food digests properly, and my nerves are back to normal condition. I am never troubled with gas around my heart, shutting off my breath and making breathing difficult as before.

"I have gained several pounds since I started to take Tanlac and I am feeling stronger than I ever felt. Now you can see why I praise Tanlac."

Tanlac is being specially introduced through Bolger & French's drug store, Main and Broadway, this city.

RIPPLING RHYMES

BY WALT MASON

THE ALECK

I saw a young man fired, on January 10; he never will be hired by his old boss again. When first he started in at Watson's beeswax store, he seemed like one who'd win the laurels by the score. For he had push and vim, he was no sluggish poke; he waved an active limb, and left a trail of smoke. All this was passing well, but after sundry moons, his head began to swell as young heads swell eftsoons. He thought the beeswax store would close if he should quit; the Old Man was a bore, and he alone was It. Now, when a young man feels that he's the prop of trade, that all the plunks and wheels by his address are made, he's walking to a fall, his feet will hit the dump; and when too late he'll bawl that he was such a chump. He travels verst and league, he keeps the pavement hot; his spirit knows fatigue, his head has shrunk a lot. He has no job as yet; he may get one next week; and when he does, I'll bet, we'll find him pretty meek.

Anent Skim Milk.

In the bulletin issued by the Ohio agricultural experiment station for the month of December is an article by A. E. Perkins, of the dairy division, entitled "Misguided Appetite and High Cost of Living," in which there are some important and little understood facts concerning the value of milk as food.

We take the liberty of copying from the original such of the facts as would seem to be of value to the busy housewife. Any one wishing to obtain a copy of the original can do so by addressing the station and requesting bulletin No. 12, December, 1916. It will be sent free.

The popular conception regarding cream is that it contains in concentrated form most of the valuable food materials originally present in milk. The corresponding idea regarding skim milk is that it is little better than water. These common conceptions are far from the truth. While it is true that cream is a highly valuable food—as a dessert it has no superior—yet it is true also that it can no longer, like milk, be regarded as a cheap and staple article of diet, but must be considered as belonging to the dessert class.

Skim milk of average quality contains about 3.7 per cent protein and 5.1 per cent milk sugar. Authorities are generally agreed that both these substances as found in skim milk are at least fully as digestible and useful to our bodies as those obtained from any other source. Skim milk, then, aside from being somewhat low in flavor, is a most excellent form of human food, containing in large quantity the very substance which when purchased in other foods is the most expensive ingredient of our diet.

Skim milk should be worth from $2 to $7 per hundred pounds in actual food value in the human diet in competition with meat.

Skim milk then at five cents or even 10 cents per quart would be an extremely economical food, and having a nutritive ratio of 1:1.4 would constitute the cheapest and one of the best sources of the extra protein needed to balance a vegetable diet.

Many people disdain cereal served with milk and most of the common vegetable foods, and base their diet largely on meat. Yet, let a piece of the most tempting beefsteak be extracted with water or pressed to obtain broth or beef juice for an invalid and the solid portion which remains, containing more than 95 per cent of the real food material present in the original meat, would be spurned by these people as quickly as skim milk and for the same reason.

There is sufficient evidence to show that in many cases, people, guided mainly by appetite, think they are buying food with more or less flavor thrown in when they are in reality buying flavor with a little food value incidentally included. In the choice of the natural foods, appetite is usually a fairly reliable guide to the selection of a proper diet, but in these days of sophisticated and modified foods, appetite alone will frequently lead one to spend his living on mere flavored husks; while the real food value of the article, shorn of its flavor is allowed to waste. It would be difficult indeed to over-estimate the effect of these tendencies on the high cost of living.

Farms That Pay Keep Men Busy

The general farm in Ohio which provides the largest number of days of profitable labor per man and horse is the one that is most likely to pay best, according to a recent farm management demonstration of the agricultural college extension service.

On farms where more than 300 working days were provided per man, the average net income was $800 in addition to what the farm contributed toward the living. Where the farm provided less than 225 working days per man, the average net income was $383. The keeping of more livestock which was made possible by more crop acres per man helped to provide more days of labor in many instances.

On the best paying farms there were 19 animal units per man, and on the poorest paying farms there were but 11 animal units per man. An animal unit, on the basis of feeding, is estimated to be the equivalent of one cow; two colts, calves or heifers; five hogs; ten pigs; seven sheep; 14 lambs; or 100 chickens.

SOCIAL and PERSONAL

At Fiftieth Milestone.

Sunday marked the fiftieth milestone in the wedded life of Mr. and Mrs. J. D. Woodworth, of Garfield avenue, but owing to sickness in the family the celebration was postponed until a later date.

Miss Esther Tombaugh, of Westville, and J. D. Woodworth, of this city, were united in marriage at Enon Valley, Pa., on February 11, 1867. They have spent their entire life in Salem. Mr. Woodworth is constable here.

To this union six daughters were born, three of whom are living: Mrs. Lizzie McKenzie and Mrs. Esther Kaatz, of Pittsburg, and Mrs. Mary Wachsmith, of Salem. They have 18 grandchildren and nine great-grandchildren.

Mrs. Woodworth, who has been quite ill from a complication of diseases, is reported to be improving.

The couple have received many gifts of gold.

Arranging For Banquet.

The fourteenth annual banquet of Quaker City aerie No. 316, F. O. E., will be an event of Tuesday evening, February 27. At the Tuesday evening session of the order committees were appointed to make arrangements for this event. A program will be a feature.

One candidate was obligated and one application for membership was received.

OHIO WOMAN'S WISH

For Tired, Weak, Nervous Women.

Bellefontaine, Ohio.—"I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol. I was weak, tired, worn out and nervous, and Vinol made me strong, and well and vigorous after everything else had failed to help me, and I can now do my housework with pleasure."—Mrs. J. F. Lamborn.

We guarantee Vinol, which contains beef and cod liver peptones, iron and maganese peptonates and glycerophosphates, for all weak, rundown, nervous, debilitated conditions.

DEATHS AND FUNERALS

William Betz.

East Rochester, Feb. 14.—William Betz, well known retired farmer and lifelong resident of West township, was found dead in his bed Tuesday morning at the home of his daughter, Mrs. Scott Guthrie, at New Alexander, with whom he and Mrs. Betz were making their home for the winter. He was in his eighty-sixth year.

For some time Mr. Betz had been in failing health, a sufferer from dropsy. Heart trouble, however, was apparently the immediate cause of death.

Mr. Betz was born in West township March 6, 1831, and had followed agricultural activities all his life, for a half century the home being the large farm still owned by him east of this village.

His wife was Miss Margaret Lutz, of Stark county, the marriage having been solemnized in 1850, 66 years ago. To the marriage union was born 17 children, 13 sons and four daughters, nine sons and three daughters with the aged wife and mother surviving. George W. Betz, Osnaburg; Harvey Betz, Kensington; William Betz, Moultrie; Lawrence C. Betz, Homeworth; Sherman C. Betz, Louisville, Ky.; Dayton Betz, East Rochester; Alvin Betz, North Liberty, Ind.; Elmer Betz, Canton; Owen Betz, Ft. Wayne, Ind.; Mrs. Jefferson Albright, Marlboro; Mrs. James Hole, Minerva, and Mrs. Scott Guthrie, New Alexander. There are 41 grandchildren and 35 great-grandchildren.

Leander King.

East Rochester, Feb. 14.—Leander King, well known resident of this village died at his home here Tuesday morning following an illness of several months from internal cancer, his age being 69 years.

Mr. King was born March 12, 1848, his boyhood years being passed about New Chambersburg. He was a harness maker by trade, following the work 10 years at his coming to East Rochester, then purchasing a farm near the village, this work having since been his vocation .

He was twice married, his first wife being Miss Emma Kagy, who died September 11, 1901. His second marriage was with Mrs. Celestia Conser, September 20, 1906 . Since the latter marriage he has lived at the home where he died. Surviving are the wife and two children, Emmet King, Pennsylvania railway, passenger agent at Minervo, and Mrs. Nellie Miller, of Canton. There are also three grandchildren.

Mrs. R. A. Westfall.

Beloit, Feb. 14.—Mrs. R. A. Westfall, aged mother of Dr. E. H. Westfall, died at the home here Tuesday morning, her age being 78 years. For the past 19 years the home had been with the son.

Deceased was born in East township, Carroll county, and much of her life was passed there.

Post This Bodyguard Around Your Children

You Can Keep Them Free from Colds Without Dosing.

These two fine boys have a "Little Bodyguard" to protect them against sudden attacks of croup or cold troubles. Their mother Mrs. C. C. Evinger, 1224 N. 6th St., Terre Haute, Ind., writes—

"I have tried your Vick's VapoRub on my two boys (who are nineteen months and three and one-half years old respectively), and have found it very satisfactory when they had the croup. The first application helped to loosen the phlegm, making them rest more easily, and they were able to go to sleep. VapoRub also helped them when they had severe colds. I can recommend it to all mothers."

But the best part about this "Little Bodyguard"—VapoRub, is that it is applied externally and hence can be used freely, with perfect safety, on the smallest child, as often as wished. Three size, 25c, 50c or $1.00.

SINCE I GOT MY HOOVER SUCTION SWEEPER, CLEANING DAY IS THE EASIEST DAY OF THE WEEK

Three Kinds of Dirt Require Three Cleaning Principles

The Hoover is the only machine that is designed to take care of all the three classes of dirt.

It uses sweeping to loosen the clinging hair, thread, lint, etc.

It uses shaking to loosen and bring to the surface the heavy imbedded, gritty dirt.

It uses suction to dispose of all this dirt, in a dustless manner.

The Electric-driven Brush of The Hoover Makes it the Thorough Cleaner.

Powerful suction alone cannot dislodge the clinging dirt nor the imbedded dirt. But the patented electric-driven brush of The Hoover supplies the necessary help.

It takes up the light surface dust and sweeps loose all the clinging dirt. And at the same time it vigorously shakes or vibrates the rug or carpet so that the imbedded dirt is jarred loose and drawn by the suction into the dust bag.

This results, as a big Electric company of Boston found after an exhaustive test, in 98.5 per cent cleaning efficiency.

Party at Wright Home.

A valentine party at the home of Mr. and Mrs. Robert Wright, on Woodland avenue, Tuesday evening furnished several hours of pleasure for Double X club members and their husbands. Valentine decorations were used with pretty effect in the home, and progressive rook and musical selections furnished amusement. Refreshments were served and appropriate afvors given.

In response to an invitation from Mr. and Mrs. Robert Clayton, of Youngstown, the members and their husbands will be their guests at a dinner on Washington's birthday. Mr. and Mrs. Clayton are former members of the club.

—o—

Nightingale Club Entertained.

Mrs. Frances Woods entertained Nightingale club members at a Valentine party Tuesday evening, at her home on the Lisbon road. One of the features of the evening was a "peanut hump" in which Mrs. Emma McEldowney was the winner. Cards and music were enjoyed by all until a late hour, when the hostess served a very enjoyable lunch.

—o—

Dinner Party for Guests.

Miss Sadie Green entertained as her guests at a five-course dinner party the members of the Halcyon and Sojourner Truth clubs at her home on Walnut street Tuesday evening. Place cards were heart-shaped valentines, and the decorations were red and white.

A pleasing program was given by the members, and the guest of honor, Mrs. Eva Holmes, of Beaver Falls, Pa., district vice-president of the Pennsylvania Colored Women's club, gave an interesting talk on "Women's Work in the Federation."

—o—

Endeavorers Enjoy Social.

Christian Endeavorers of the Dry Street Friends church gathered in the Sunday school room of the church Tuesday evening for a social which was featured by a program. Phonograph selections and contests contributed to the pleasure of the evening. A vocal solo by Alta Richie; recitation, by Miss Pauline Broomall; a reading by Miss Emma Crossley and a reading "Hiawatha's Wooing" by Miss Alma Haviland, were numbers appreciated.

—o—

Received Club.

A supper of valentine appointments was given by Miss Natalie Sharpnack, of Fair street, Tuesday evening, at which time she received her club associates. Five hundred was a diversion of the evening, at which Miss Grace Ruhl made high score. A meeting will probably be held in two weeks.

—o—

Loyal Bereans Entertained.

Mrs. Archibald, of East Seventh street, was hostess at a pleasant assembly of the Loyal Bereans class of the Christian church, taught by Mrs. M. E. Farr, Tuesday evening. After a business session a social time held sway. On the second Tuesday evening in March the members will meet again.

—o—

Entertained Club.

Club associates of Mr. and Mrs. J. A. Noble were their dinner guests Tuesday evening at their Franklin avenue home. Five hundred added to the pleasure of the evening, with Mrs. R. R. Johnson and Mr. and Mrs. T. A. McClain wining the prizes. A meeting will be held in two weeks.

—o—

Unity Bible Class.

A vocal duet by Rev. and Mrs. R. F. Mayer, games and singing composed the program of entertainment at a meeting of the Unity Bible class of the Methodist church at the church Tuesday evening. The next meeting will be on the second Tuesday evening in March.

—o—

The ladies of St. Paul's Catholic church will hold a social in C. M. B. A. hall Thursday evening. The proceeds will be used for the benefit of the church.

—o—

Sixteenth Anniversary.

Alliance, Feb. 14.—Mr. and Mrs. C. O. Silver very pleasantly celebrated their sixteenth wedding anniversary at their home Sunday. The guests included Mr. and Mrs. James Lyle, of Salem. At 12 o'clock a fine dinner was served, the color scheme was red and white, and red hearts were the decoration. The after dinner hours were very pleasantly passed in visiting. Mr. and Mrs. Silver received a number of gifts from their relatives and friends.

—o—

Tribute to Departed.

A tribute to Mrs. Mary Potter, a member of the club whose death occurred recently, was written and read by Mrs. William Waterworth at the Tuesday afternoon meeting of the Travelers club, at the Chamber of Commerce rooms.

An instructive program on "Alaska" engaged the attention of the members. The numbers given follow:

"Actors and Actresses," Mrs. R. E. Smucker; "Alaska and its Government," Miss Helen Greiner; "Missions in Alaska," Mrs. Jesse Sturgeon; "Alaska Indians," Miss Mary Waterworth; "The Klondike and Other Alaskan Gold Fields," Miss Isabel Mullins.

It was decided to observe visitors' day on March 6, at which time the members and their friends will be entertained at the home of Mrs. J. R. Bustard, Lincoln avenue.

A regular meeting will be held February 20.

—o—

Washington's Birthday Social.

At a meeting of the Wesleyan class of the Methodist church Tuesday evening at the home of the teacher, Mrs. R. E. Smucker, Broadway, further plans were made for the Washington's birthday social to be given by the class Thursday evening, February 22, at the church. A play will feature the program to be given, and refreshments will be served.

A ticket selling contest is being conducted by the class, which has been divided into two divisions.

—o—

Loyal Women's Class.

The Loyal Women's class met at the Christian church Tuesday evening and had a business and social time. Plans were made to entertain the Loyal Men's class Monday evening. A program will be rendered and refreshments served. The class planned also to have a bakery some time before long.

For the pleasure of her cousin, Mrs. Joseph Mercer, of Charlton, Ia., Mrs. Grover Scullion entertained a few friends at diner Wednesday at her home on Woodland avenue. Valentine decorations graced the table. A general social time resulted.

IT'S TWO YEARS OLD.

But Mrs. Weigand Says It's Just as Good Today as When it Was First Made.

Two years ago Mrs. Weigand testified to complete relief from kidney ills.

Over two years later she says that there has not been the slightest return of the trouble.

Salem sufferers will take a deal of comfort in Mrs. Weigand's statement. Read what she says:

Mrs. Caroline Weigand, 38 Wilson St., Salem, says: "I was feeling all run down. My back was very lame and I noticed that the kidney secretions were unnatural. I got a box of Doan's Kidney Pills at Bolger & French's drug store, and they made me feel like a different woman."

NO TROUBLE SINCE.

OVER TWO YEARS LATER, Mrs. Weigand said: "I have not had to use Doan's Kidney Pills since giving my former endorsement."

PRISONERS

(Continued from first page.)

has come from Ambassador Elkus, at Constantinople.

It developed today that complete investigation of all circumstances surrounding the purported offer of Germany to reopen the submarine situation with the United States is in progress. That certain newspapers and diplomatic sources were used in that connection now is certain. Berlin is understood to have repudiated the entire matter and to have asserted that if an offer was made it was without the sanction of the imperial government. It was in anticipation of such a disavowal that the state department called upon the Swiss minister to put the suggestion in writing, Secretary Lansing and his assistants having been suspicious of the entire proposition because it was made public in "inspired" circles before it was communicated to the state department in any way. Unless, however, it shall develop that the entire matter was developed by Americans, it is unlikely that any action will be taken by this government at the present time. When the immediate crisis has passed, however, a complete statement may be made.

ROYAL THEATER.

The most stirring scenes of a great maritime disaster are part of the coming Pallas-Paramount photoplay, "The American Beauty" that will be the attraction at the Royal theater Friday.

An ocean liner is on fire and as the vast clouds of smoke pour forth, the frantic mobs fight for safety. Some struggle for the life belts. Others attempting to rush the life-boats are forced back at the pistol's point by the ship's officers. All the signs of a great marine tragedy are evident and as the liner is about to go down the most harrowing scene takes place. Men and women gone temporarily mad begin dropping into the sea from points all over the ship only to go down after a futile struggle. Because of this tragedy Ruth Cleave as played by Myrtle Stedman, the star starts life under a great handicap but afterwards this condition becomes responsible for her rise to fame. 38h

Fear for Peach Crop.

Port Clinton, Feb. 14.—Growers here are much concerned over Monday's cold wave, as it may mean the loss of a $1,500,000 peach crop. The temperature in Ottawa county ear'y Monday morning went as low as 18 and 20 degrees below zero.

Something Good.

Those who hate nasty medicine should try Chamberlain's Tablets for constipation. They are pleasant to take and their effect is so agreeable and so natural that you will not realize that it has been produced by a medicine. Obtainable everywhere.

Longest Bridge In World Now Open To Traffic

Portland, Ore., Feb. 14.—The longest structure spanning a stream anywhere in the world was thrown open at noon today, when two girls, one from Portland and the other from Vancouver, Wash., cut a rope stretched across the new interstate bridge over the Columbia River and allowed a stream of traffic from the two cities to cross.

As the girls cut the rope American flags fluttered to the breeze from the tops of the 200 foot towers at the ends of the draw span. Although the ceremonies today were simple, it is planned to hold an interstate celebration in June.

The product of the latest development of the bridge builders' art is a "bridge of the gods" taking the place of that other fabled span that Indian legend declares once stretched across the Columbia.

The cost of the interstate structure is $1,750,000 and its total length is about 23,000 feet, or more than four miles. The interstate bridge proper spans the main channel of the Columbia, 3,530 feet wide, and consists of ten truss spans, each 265,5 feet long; one girder span of 50 feet and three truss spans 275 feet long. One of the 275-foot spans if a draw, of the vertical lift type.

Approaches to the bridge are 300 feet in length. To the south of the main bridge on the Oregon side, Hayden island is crossed by an embankment 1.480 feet long and the Oregon Slough by an 11-span bridge 1,140 feet long. From the south side of Oregon Slough are two approaches, one about 10,8000 feet long and the other 5,800 feet long.

A roadway 38 feet wide is provided on the bridge for vehicles, street cars and pedestrians. The bridge is an important link in the Pacific Highway.

The Cause of Gout, Bright's Disease, Rheumatism

(By Valentine M. Pierce, M. D.)

According to the consensus of opinion of most medical men and scientists, such as Garrod, Minkowski, Hans, Vogt and Reach, the cause of gout is due to an accumulation of uric acid in the blood. The same effect happens in rheumatism, and preceding the stage known as Bright's disease an auto-intoxication process has been going on, the liver and kidneys could not do the work and the individual suffers the consequences. High living, the eating of meat more than once a day, over-eating, frequent chilling of the body—all may contribute to the poisoning.

In such cases the very best treatment is to prevent or remove the cause. Diet and exercise if possible; drink plentifully of water—a pint of hot water with a piece of lemon squeezed into it morning and night, and take before meals a tablet of Anuric (double strength). This Anuric can be obtained at almost all drug stores and it drives the uric acid out of the system by stimulating the kidneys to better action. Thus many cases of gout, of rheumatism or Bright's disease may be prevented or cured by taking this simple remedy in time, and in the painful and serious cases of rheumatism and gout it invariably relieves and often cures the worst cases.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy nervous spells, acid stomach, or you have rheumatism when the weather is bad, ask your druggist for Anuric. I have found in practice that Anuric is more potent than lithia and in most cases it will dissolve the uric acid as hot water does sugar.

INDEPENDENTS WILL MEET MONDAY EVE TO ORDER UNIFORMS

A meeting of officers and members of the Salem Independent baseball club will be held Monday evening.

At that time uniforms will be selected and ordered for delivery April 15. The season, however, will not open until two weeks later. The East Liverpool Grands will be the opening attraction, and contracts calling for their appearance here have already been signed.

Thirteen uniforms will be ordered by the management of the local team. Other important matters will also be discussed at the meeting Monday evening.

JOIE RAY BREAKS WORLD'S 2-MILE INDOOR RECORD

(By International News.)

New York, Feb. 14.—Joie Ray, of the Illinois A. C., smashed the world's two-mile indoor record at the New York A. C. annual games in Madison Square garden last night and came within two seconds of shattering the world's outdoor record.

Ray ran with matchless rythm for two miles around the track in the historic gardens in 9 minutes 11 2-5 seconds, faster by nearly three full seconds than two miles had ever been run on American soil and less than two seconds slower than the world's record of nine minutes nine and three-fifths secods, made by Alfred Shrubb, the English runner, in 1904.

Ray's record desplaces the two-mile American and world's indoor mark, set up by George V. Bonhag of the Irish-American A. C. in 1910.

NEW SWEATERS HERE FOR PRESENTATION TO HIGH FOOTBALL SQUAD

The new sweaters ordered several weeks ago for the members of the Salem High school football team have arrived and will be presented to the players this week.

The new sweaters are dark maroon trimmed in black, with V-neck and shawl collar. A large "S" is inscribed on the front. Only the members of the 1916 squad will receive the new coats.

Following the custom of former years, the sweaters will be presented to the players before the students of the high school with appropriate speeches.

WOMEN OF MIDDLE AGE

Mrs. Quinn's Experience Ought to Help You Over the Critical Period.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—Mrs. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

Other warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness, inquietude, and dizziness.

$368,000,000 NAVY MEASURE PASSES HOUSE

Washington, Feb. 14.—The largest naval appropriation bill in the country's history was passed Tuesday by the house and sent to the senate, where a sub-committee immediately was appointed to hasten its consideration.

It carries more than $368,000,000, provides for the second installment of the great three year building program adopted last year, and includes administration emergency amendments authorizing the government to commandeer private ship yards and munitions plants in time of national peril, and to purchase the basic patents of aircraft.

The vote on the bill was 353 to 23, 18 Democrats, headed by Majority Leader Kitchin, four Reublicans and one Socialist voting against it.

During the debate, which was in progress intermittently for about a week, various provisions proposed as a result of the submarine crisis were added to the measure. Because of the government's difficulty in placing contracts for warships authorized last year, an amendment asked for by Secretary Daniels providing an additional $12,000,000 for equipping navy yards for construction was inserted.

GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful.

Your hair becomes light, wavy fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair

Besides beautifying the hair at once, Danderine disolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Red Cross Could Care For Million Men In Few Days

Washington, Feb. 14.—An expert hospital force sufficient to care for an army of a million men could be mobilized by the Red Cross within a few days, in the belief of officials at headquarters of the society here. Eliot Wadsworth, acting chairman, states that the force which could be mobilized immediately in case of war would include:

Twenty-six completely equipped army and navy base hospital units, with a total personnel of $1,250 nurses and 599 nurses' aids.

Hospital base reserves of 415 nurses and 525 nurses' aids.

Thirty-one partly complete navy detachments of 20 nurses each.

One hundred and fifteen local emergency detachments.

Corps of expert instructors in surgical dressings, totalling about 120.

Mr. Wadsworth said the organization could put into the field 2,970 trained Red Cross nurses, and estimated that if 30 per cent of those to whom the Red Cross had given elementary training responded as nurses' aids the total nursing personnel would be about 5,000.

"With the customary assignment of 10 patients to each nurse," he says, "we could thus take care of 50,000 sick and wounded at once."

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

BREAKS A COLD IN FEW HOURS-TRY IT

First Dose of Pape's Cold Compound Relieves all Grippe Misery.

Don't stay stuffed-up!

Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Famous Musical Comedy Coming.

The Grand opera house is looking forward to the banner business of the season when the Marbury-Comstock musical production "Very Good, Eddie," comes February 26.

This most popular musical comedy in America today comes here direct from the twelve months' run in New York, at the Princess and Casino theatres.

"Very Good, Eddie" was written by Philip Bartholomae and Guy Bolton, with lyrics by Schuyler Greene and music by one of America's most popular composers, Jerome Kern.

One of the reasons for the phenomenal success of "Very Good, Eddie" is that the book is as good as the music, and the music is as good as the book. A rare combination these days.

The Best Recommendation.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendations of those who have used it that makes Chamberlain's Cough Remedy so popular.
